DOCUMENT RESUME

ED 316 435 SE 051 267

AUTHOR Chinn, Phyllis Zweig, Comp.
TITLE Women in Science and Mathematics: Bibliography.
INSTITUTION Humboldt State Univ., Arcata, CA.
PUB DATE 88
NOTE 81p.
AVAILABLE FROM Humboldt State University Foundation, P.O. Box 1185, Arcata, CA 95521-1185.
PUB TYPE Reference Materials - Bibliographies (131)

EDRS PRICE MF01/PC04 Plus Postage.
DESCRIPTORS Autobiographies; *Biographies; *College Mathematics; *College Science; *Females; Higher Education; Instructional Materials; Mathematics Education; *Reference Materials; Science and Society; Science Careers; Science Education; Secondary Education; Secondary School Mathematics; Secondary School Science; *Sex Differences; Technology

ABSTRACT

This bibliography contains over 1,000 entries organized into seven sections. These include: (1) "Women in Science Bibliographies"; (2) "Journals and Periodicals Which Have Devoted Whole Issues or Frequent Articles to Women in Sciences"; (3) "Biographies and Autobiographies of Women Scientists"; (4) "Differences Between the Sexes--As Proposed by Science in Various Eras, or as Related to Differing Scientific and Mathematical Abilities"; (5) "Increasing the Participation of Women in Science, Including Descriptions of Organizations and Programs and Career Booklets"; (6) "Women as Scientists--Characteristics, Historical Information, Problems, Rewards, etc."; and (7) "Technology and Women." A list of sources added since August 1988 is appended. (CW)

TABLE OF CONTENTS

Starting on Page:

This bibliography is in seven sections:

(1) Women in science bibliographies ..... one

(2) Journals and periodicals which have devoted whole issues or frequent articles to women in sciences ..... four

(3) Biographies and autobiographies of women scientists ..... five

(4) Differences between the sexes - as proposed by science in various eras, or as related to differing scientific and mathematical abilities ..... thirteen

(5) Increasing the participation of women in science, including descriptions of organizations and programs and career booklets ..... thirty-three

(6) Women as scientists - characteristics, historical information, problems, rewards, etc ..... forty-four

(7) Technology and women ..... sixty-nine

ADDENDA ..... seventy-two

WOMEN IN SCIENCE BIBLIOGRAPHIES
